MOVAL 2040
GENERAL PLAN UPDATE
PUBLIC WORKSHOPS

www.MoVal.org/2040
UPCOMING GENERAL PLAN PUBLIC WORKSHOPS

Input from residents is a crucially important part of the City of Moreno Valley’s update of its General Plan. The General Plan is Moreno Valley’s guide to all kinds of development in the City, spelling out what can go where and what infrastructure is needed to support it. A public workshop has been scheduled in each of the City Council Districts with an additional Citywide workshop. Each workshop will have the same format and feature the same content, but different dates and locations have been scheduled to make it easy and convenient for community members to participate. You are welcome to attend any of the workshops. The Citywide workshop on Saturday, March 14 will also serve as the scoping meeting for the Environmental Impact Report.

Upcoming General Plan Update workshops in each City Council District:

- **Monday, March 9, 6-8 pm** | TownGate Community Center, 13100 Arbor Park Ln. | District 1
- **Wednesday, March 11, 6-8 pm** | Moreno Valley Senior Center Ballroom, 25075 Fir Ave. | District 3
- **Thursday, March 12, 6-8 pm** | Vista Del Lago High School, 15150 Lasselle St. | District 4
- **Saturday, March 14, 2-4 pm** | City Hall, 14177 Frederick St. | Citywide
- **Wednesday, March 18, 6-8 pm** | Canyon Springs High School, 23100 Cougar Canyon Rd. | District 2

To learn more about the General Plan Update visit the City’s website at www.moval.org/2040. The workshops are part of a larger community outreach program that will include public hearings, workshops and other engagement opportunities.

Residents can sign up for email notifications for General Plan Update meetings and events by emailing the City’s Planning Division at chriso@moval.org or calling (951) 413-3229.
