<b>Annual Hazard Abatement Reinspections <sup>6</sup></b>	0

<sup>1</sup> Examples of Annual Fire Code Permits that are issued by Fire Prevention include, but are not limited to: compressed gases, liquid petroleum gas, places of assembly, high pile storage, vehicle fuel dispensing, repair garages, and hot works.

<sup>2</sup> Examples of New Construction Inspections include, but are not limited to: Fire Alarm Systems, Sprinkler Systems, Underground water systems, and Fire Hydrants.

<sup>3</sup> Annual Inspections conducted by Fire Prevention are for all businesses that require an indepth technical knowledge of the fire code. These inspections include, but are not limited to: renewal of fire code permits, state mandated inspections, and referral inspections from the Engine Companies.

<sup>4</sup> Fire Annuals conducted by Engine Companies include all businesses that do not require a fire code permit in order to operate. These inspections require a basic knowledge of the Fire Code.

<sup>5</sup> Counts represent inspection of a multi-family address (e.g. duplex, four-plex, complex).

<sup>6</sup> Annual Hazard Abatement Inspections of vacant lots throughout the City.
