

# Commercial Energy Audit & Direct Install Program Application

The program provides eligible small- or medium-sized business customers with an energy audit and specific recommendations for their business plus a fixed set of maintenance and upgrades provided at no cost to the customer up to a value of \$3,000. This program is only available to qualified businesses that have electrical demand that does not exceed 100 kW for three consecutive months in a twelve-month period. The program is provided on a first-come, first-served basis until program funds are no longer available. This program may be modified or terminated without prior notice.

MVU will send a certified energy management contractor to the customer's facility to conduct and onsite energy audit and will prepare and provide an audit report listing recommended retrofits and behavioral change measures. Each recommendation will include the cost to perform the retrofit, anticipated annual energy savings, and simple payback. Customers can select recommendations to be installed and MVU's certified installers will conduct the work at the facility.

## Agreement and Certification

If you qualify for this program, one of our customer service representative will schedule a business energy audit and time to perform the above listed items. One of MVU's Energy Management Contractors will come to your business to perform an audit of your energy use and identify areas where you can save energy. You will be provided the items that you qualify for from the list above at no cost. Our Contractor will have you sign an Authorization Form and will perform the work described above and install the equipment at a time that is convenient for you. Our contractor may also provide you with a quote for additional energy saving items that are included in the recommendation and may provide you a quote to perform these installations. You are under no obligation to accept this additional work. Please be advised that there is a charge for the additional work. The installation of the items above should be done in a few hours.

I agree to defend, indemnify, protect and hold MVU and its agents, officers, and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property which arises from or are connected with or are caused by the acts or omissions of the customer or from conditions on the customer's property; provided, however, that customer's duty to indemnify and hold harmless shall not include any claims or liability arising from the willful misconduct of MVU, its agents, officers, or employees in performing the work or services or supplying materials or equipment to the customer.

I agree to the Terms and Conditions of this Energy Audit and Direct Install Program and all other Terms and Conditions of the MVU Energy Efficiency Programs.
