

The Moreno Valley Police Department will provide 100 free firearm safety kits to local residents through a partnership with Project Child Safe, the nation wide firearms safety education program. The safety kits, which include a gun lock, will be distributed at the Police Department during normal business hours of 8:00 AM to 5:00 PM, Monday through Friday, excluding holidays, while supplies last.

Project ChildSafe, a program developed by the National Shooting sports Foundation (NSSF), will distribute millions of firearm safety kits throughout the country over the next year. The program is funded by a US Department of Justice grant.

The Moreno Valley Police Department encourages residents to pick up a Project ChildSafe safety kit to securely store your firearm. Each kit contains a safety curriculum and a cable-style gun lock. The locks fit most types of handguns, rifles and shotguns. The goal is to prevent a child or any other unauthorized person from accessing a firearm in your home.

By partnering with Project ChildSafe, The Moreno Valley Police Department is participating in a growing national effort to promote firearms safety education to all gun owners. Project ChildSafe is an important step forward in helping ensure that all firearm owners fully understand their responsibilities with respect to the safe handling and storage of firearms.
