**B. Field Services**

Animal Control Officers (ACOs) respond to calls for service that promote and protect both public health and public safety for citizens and animals. Field Services operates on a 7-day, 24-hour call-for-service model based on the level of priority assigned to all received calls. Six full-time ACOs, one Animal License Inspector, and one Field Services Supervisor currently serve the city. ACOs rotate on-call assignments in response to allied agency requests and emergency calls after hours. During normal business hours, Animal Control Officers respond to both routine and high-priority service requests.
